PROVISIONS OF THE WILD LANDS TAX ACT MODIFIED BY RECENT AMENDMENTS

At the last session of the Provincial Legislature, the Wild Lands Tax Act was amended by legislation introduced by the Minister of Municipal Affairs under whose direction this Act is administered.

One of the outstanding features of these amendments is the widening of the provisions under which exemption from the tax might be secured. As the Act has been in force during the past four years, all cultivation or pasturing of land where exemption might be secured was required to take place during the year previous to that in which the tax was levied. This being the case, the purchaser of land from the Dominion Government or from the Canadian Pacific Railway Company, who made his purchase in the fall of the year, had no opportunity to earn exemption from the Wild Lands Tax in the following year. This was unfair as the purchaser in question had no control of the land during the previous year, and was thus penalized because of a condition of affairs beyond his control. The Act as it now stands, provides that exemption may be granted if the cultivation takes place prior to the first day of August of the year in which the tax is levied, or if the land is pastured for two months prior to the first day of July of the year in which the tax is levied. The amount of cultivation, and the number of head of stock pastured, is left as it was, namely, one quarter of the land must be cultivated, and there must be stock in the proportion of one head of cattle or horses, or three sheep, to every ten acres. The provisions in regard to residence exemption also remain the same, namely, bona fide farmer who is resident on his land is exempt for 600 acres, and such land may be any place within a radius of nine miles from his place of residence. During past years, the administration of the Wild Lands Tax Act has been criticised on account of the fact that lands were sometimes assessed, under the Act that were really exempt from such tax. Because of the large areas given to each assessor to cover this was unavoidable as it was impossible for him to see all of the land in his district, and he had, therefore, to depend for much of his information on hearsay evidence from parties in the community. This led to a good deal of misunderstanding, and many mistakes were made. This condition of affairs was of course very unsatisfactory, and provision has now been made whereby commencing with the current year, all land taxed under this Act will be actually seen by the person responsible for the assessment.

In the organized portions of the Province; that is, in the Municipal Districts, this tax will be levied by the Municipal District, and it will be possible for the official levying the taxes for the District to obtain exact information as to what lands in the District are subject to this tax, and there should be no possibility of land exempt from taxation being taxed, or of land subject to taxation being omitted from the tax roll.

In the unorganized portions of the Province, the staff of outside assessors employed by the Department has been increased and each assessor must see all the land that he assesses; no hearsay evidence will be taken. This will insure a proper assessment in the unorganized territory as well as in the organized areas, and it will do away with the possibility of a man being assessed for land which he is cultivating or on which he has probably made his home for a number of years.

The placing of the Wild Lands Tax assessment in the hands of the Municipal Districts will also tend to better services in other ways; that is, all taxes on lands in Municipal Districts, with the exception of school taxes in some cases will now be payable to the one official, that is to the Secretary-Treasurer of the Municipal District. There will be only one tax roll, and only one tax notice, and one tax receipt will be necessary. Any person who owns land in a Municipal District will now receive any tax notices from the Department of Municipal Affairs. He will only receive one tax notice from the Secretary-Treasurer

of the Municipal District in which District his land is situated, and this notice will show all taxes payable by him, and a clear receipt from the Secretary-Treasurer of the Municipal District will be evidence that all his taxes have been paid. Where school taxes are still levied by the school district, the landowner will, of course, receive a tax notice from the school district in addition to the Municipal District. It is to be hoped that ere long all school taxes will be levied by the Municipality, and that in all Municipal Districts, only one assessment and tax roll will be necessary.

As far as the unorganized portions of the Province are concerned; that is, in the Improvement Districts, all taxes levied on land by the Provincial Government will be shown on one tax notice in place of two or three as in the past, and the receipt of payment will be acknowledged on one tax receipt form, and all such tax notices and tax receipts will give full particulars as to the amount of the different taxes levied against the land.

An unusually pretty out-door wedding was solemnized at the home of Mr. and Mrs. A. L. Foster, Van Nuys, California, Thursday, May 15th, being the occasion of the marriage of their daughter Margaret Lucile to Roy E. Soby, of Clareholm, Alberta.

The bride was daintily gowned in white crepe de chene and carried a shower bouquet of roses and maiden hair fern.

Wants Prompt Action For To Save Russia

Paris.—A. F. Kerensky and members of the Russian Union for the preservation of Russia have issued an appeal to the democracies of the world for prompt action, with a view to helping Russia out of her present chaotic condition. It proposes the organization of a mission composed of delegates from all the powers, and including representatives of organized labor, which will go to Russia and explain to the people and the different Russian governments the democratic aims they are pursuing.

The appeal says:

"It should be stated categorically that the different governments repudiate the idea of any intervention likely to infringe upon the sovereignty of Russia.

German People Are Learning the Truth

Have Been Ignorant of Acts Committed by Army

Paris.—The German peace delegation, through the German correspondents, seems to be trying to prepare their country for the acceptance of the treaty. A new tone is observable in the German press; for example the Leipziger Volkszeitung in explaining the enormous indemnity figure says:

"It must be remembered that great tracts of French territory have been rendered useless for many years. The devastated regions are twice the size of Saxony. Moreover, Germany took considerable quantities of stocks and bonds from the occupied territories. In the export warehouses stocks of manufactured goods were taken to Germany, together with the cargoes from the ships at Antwerp and the different rivers boats. Finally, even the kitchens and bedrooms of the inhabitants in the occupied territories were entered. There is not a place where a German non-commissioned officer arrived with a requisition for food, and presented himself. The confiscated merchandise was resold in other countries with enormous profit."

"Better still, systematic devastations were operated in the leading industries on a great scale. First the carriages were captured, and the machinery were confiscated, and even the old iron were resold. Factories, looms, foundries, machine shops all fell into the hands of the devastation commission. It was thought thus to get rid of competition for many years or decades. The period which France and Belgium would need to reconstitute their industries and restore the devastated lands. Germany hoped to take immediately after the war to offer her products to the world."

The German people seem to have been kept in ignorance hitherto of the acts committed by the German army. It is now beginning to learn truth.

German Officers to Be Tried

London.—Frederick von Holtzendorff, the former German Crown Prince, will be liable to trial under the terms of the German peace treaty, as declared by Mr. A. Bonar Law, the government leader in the house of commons. Mr. Bonar Law said that the commanders who advanced the war would also be liable under the treaty's terms.

Strong for Her Fatherland

Bastrel.—At a meeting at Kaiserstrasse, in the French area of occupation, more than 500 school masters and school mistresses of the Palatinat adopted a resolution asserting their attachment to Germany.

The resolution also protested against any attempt to separate the Palatinat from Germany.

Germans Are Given A Time Extension

New York.—The Associated Press gives the following:

"A period of some days of grace has been extended to Germany by the representatives of the entente and associated governments, in which the German peace plenipotentiaries may conclude their study of the peace treaty and formulate such replies to the various clauses as they desire."

The extension of time, which originally was to have expired at noon, Thursday, was granted at the request of the Germans, who advanced the plea that more time was required in order that they might formulate arguments of which they were confident, that were the original date adhered to, it would be impossible to consider these, the time has been extended to Thursday, May 28.

Efforts made in Germany to accelerate even the gift of the contents of the proposed reply of Germany to the entente have not gained reward. A report has it, however, that lengthy talks dealing with Alsace-Lorraine, the east Ger-

Italians Hold Back

Not Disposed to Agree With Terms Offered to Austria

Paris.—The Temps anticipates that the revision of the peace treaty which is to be offered the Austrian plenipotentiaries at St. Germain will be delayed for a few days. This is because, the newspapers say, to the fact that the Italian government appears not disposed to sanction the new Austrian Jugo-Slovak frontier, so long as the question of the frontier between Italy and Jugo-Slovakia remains undetermined.

Papal Secretary

Pleads For Huns

Note Declares Peace Proposals Are Unpopular

Rome.—Cardinal Gasparri, the papal secretary of state, had written in the name of the Pope an official note to Col. E. A. Aloisi, of the United States peace delegation, transmitting the arguments sent to the Pontiff by the German ships to demonstrate the absolute impossibility of their complying with the peace conditions imposed by the allies.

In his note, Cardinal Gasparri explained that the Pope takes a deep interest in favor of Germany as he would do for any country requesting assistance. He is only animated by humanitarian feelings. The cardinal adds that the Pope has done this note not only since he was also a country belonging to the entente. He begs Col. Aloisi to submit the situation to President Wilson, hoping that the latter will use his power of the influence with the other delegates of the various powers with a view to securing a peace which will really be lasting.

Germans Released

Week Of Mourning

Order Decried by Government

Paris.—The week of mourning in Germany decreed by the government because of the terms of the peace treaty appears to have met with little success. The German musicians in particular seem to be resentful over the mourning which is being observed from them earning their daily bread, while the Tageliche Rundschau and the Berlin Tagelicht assert that the mourning is only being observed to prevent the people from dancing all night. One bit of pungent comment comes from the Volkblatt of Halle, which says:

"It is not only that on August 1, 1914, that general mourning ought to have been ordered in Germany."

Bastrel.—At a meeting at Kaiserstrasse, in the French area of occupation, more than 500 school masters and school mistresses of the Palatinat adopted a resolution asserting their attachment to Germany.

Typhus Is Raging Among Bolsheviks

In Romania, Ukraine and Galicia

Vienna.—Typhus is raging among the Bolshevik troops operating against East Rumania, and also among the Russian people of Ukraine and in East Galicia and Lemberg. E. A. Frick, Swiss agent of the International Red Cross, and nephew of H. C. Frick, of New York has arrived in Vienna, suffering from typhus. He spent March and April in Galicia and the Ukraine. Among 2,000 Austro-Hungarian prisoners returning home from Russia and halted by the Czechs, one-fourth are dying from typhus, the many have died in box cars that their comrades merely threw the bodies out, leaving them unburied. The typhus is spreading.

It is feared that the Polish army, under Gen. Haller, will contract the disease, which is prevalent in the oil fields they are occupying. The hospitals in Lemberg are filled with typhus cases.

Russia at War With Rumania

Bolshevik Troops Have Defeated the Rumanians and Occupy Two Towns

London.—Owing to Rumania's disregard of the Austrian army, the Russian Soviet government demanded a declaration of Bessarabia, a state of war exists between Russia and Rumania according to a wireless dispatch from Moscow received here. Bolshevik troops have entered the Diester river in the Tarapoi district, where they have defeated the Rumanians and occupied Tighirintz and Bender. The dispatch says that on the west side of the Diester and 38 miles from Odessa. Near this town is a small island, which was captured by the Czechs. XII. took refuge after the battle of Poltava in 1709.

Czecho-Slovaks Return

Shipping Is Being Gathered Up to Transport Fighters

Vancouver.—The Czecho-Slovaks, formerly of the Austrian army, who deserted in Russia rather than fight for their oppressors, and who later fled Siberia from the Bolsheviks, are returning to their homes in Bohemia. Shipping is now being gathered up with which to transport these great fighters back to their homes in Bohemia and the Mediterranean.

This was the report brought by several Czecho-Slovak officers, who arrived by the Express of Japan from Prague. The party is taking home to Bohemia the archives of the Czech republic. The party also included, their freight amounts to at least 30 tons. They will go by way of Winnipeg, Toronto and New York.

German Captain Suicides

Was Arrested on Charge of Common Robbery

Cologne.—A German officer, formerly a captain in the German army, who was arrested several days ago by United States soldiers in Cologne, on charge of being a spy, has committed suicide by shooting himself.

Kaasch was arrested at the request of the French military authorities, who planned to return him to France and try him on a civil court charge of common robbery. Kaasch was turned over to the French authorities, and killed himself in the jail at Douai, in which he had been placed for the night.

Lines and other property found in Kaasch's home in Cologne, the authorities say, was stolen during the war from French homes in Douai.

Reds Preparing New Drive

Paris.—The Russian Bolshevik foreign minister, Titcherine, in a message to Bela Kun, the Hungarian Soviet leader, has announced the reported advance of Admiral Kolchak, head of the Omsk government, in East Siberia. He says that Admiral Kolchak is in a less favorable position than is supposed and that the Bolsheviks are preparing a counter-offensive which they hope will be successful. This information is contained in a wireless message received here.

Germans Must Share Economic Losses

Protest to Peace Terms Answered by Allied Governments

Paris.—A reply by the allied and associated governments to the German note protesting against the economic terms of the peace treaty is being calculated to cause the industrial ruin of Germany has been delivered to the German peace plenipotentiaries. The reply is under eleven heads, and answers each German contention. It declared that the allied and associated governments, in framing the economic terms, "had no intention to destroy Germany's economic life."

On the contrary, the report points out that in the reconstruction of the world's affairs Germany will have her part in the progressive development, and that the allied and associated governments, in framing the economic terms, "had no intention to destroy Germany's economic life."

The reply declares that the German note fails to take into consideration the fact that the disarmament of Germany and the end of militarism will relieve the German people of an immense burden of taxation, and return to the ranks of unemployed millions of men formerly in the army who have been entirely withdrawn from industrial or agricultural activity.

The reply also makes an emphatic rejoinder to the German complaint that the loss of the German merchant marine will throw out of work millions of German merchant seamen. The allied answer is that the destruction of merchant ships, chiefly by German submarines, has been the unfortunate effect of limiting the opportunities for work of seamen throughout the world. The allied powers have the greatest sympathy. It adds that there clearly is no reason why Germany should be privileged to have a share of the economic disadvantage growing out of this destruction of merchant ships.

The reply on the economic objections is regarded as one of the best documents in the exchange of notes.

Minister Of Blockade Resigns

French Leader Considers Terms of Treaty Too Generous

Paris.—Baron Denys Cochin, former minister of blockade, has resigned from the right group in the chamber of deputies, after a meeting of the group, at which it was decided to send a note to Premier Clemenceau criticizing the peace treaty.

In a letter addressed to the Temps, Baron Denys Cochin considers that the treaty is too generous and unworthy of France and her allies. He says that it is because Germany's crimes "were long, and that her intentions will be costly—which is justice."

Delegates Say Terms Unacceptable

League of Nations

Geneva.—The enforcement of German political leaders and German peace delegates at Spa agreed that the peace terms were unacceptable, according to a dispatch to a German semi-official statement, and that Germany will leave no stone unturned in its attempt to find a priceable basis of peace which takes into account our opponents' justifiable demands and those of our own people.

Prince of Wales Coming to Canada

Ottawa.—The Prince of Wales will visit Canada in August of this year, and will open the new parliament buildings at Ottawa. Sir Thomas White stated in the house that he had received a message from His Majesty the King, through the Governor General, as follows:

"I am very glad to tell you that, with my entire approval, the Prince of Wales will visit Canada this year in August. He will open the new parliament buildings in Ottawa."

It is understood that the Prince of Wales will also open the Canadian National Exhibition at Toronto the same month.

British Aviator Undertaken

Raynham Still Intends to Attempt a Non-Stop Atlantic Flight

St. John's, Nfld.—Frederick Raynham, the British aviator whose intention to attempt a non-stop flight with Harry Hawker, believed to have been lost at sea, came to grief when his Martinique plane was wrecked while trying to "take off" unaided. It is understood that the aviator would be in the race again for the first non-stop ocean air cruise. Recovered recently from injuries suffered when his plane collapsed, he left his bed, Raynham said, that the machine could be rebuilt with spare parts at hand, and he would be in the motor was in working condition.

While the Handley-Page and Vimy machines are assembling their machines for the Atlantic "hop," the little Martinique will be removed to town for repairs.

Captain C. W. F. Morgan, Raynham's navigator, will not be his partner in the new trans-Atlantic flight. Morgan's physician, however, told him his flying days were over, and it might take him two or three months to recover from the injuries sustained in the wreck of the Martinique. Raynham has not named a substitute for him.

Witnesses testify in all parts of the north Atlantic has brought no news of Hawker. His plane has been neither seen nor heard from since it was sighted by the signal light lookout at the harbor mouth, disappearing over the ice strewn Arctic current to the east.

Salzburg Defies German-Austria

Vienna.—The German-Austrian government is being defied by an autonomous republic, which has been established in the province of Salzburg, western Austria. The members of the new government issued a declaration forbidding residents of Vienna from residing in Salzburg and announcing their opposition to the assembly of the Reichstag. The assembly of the Reichstag is being held in Vienna for the agricultural products of the province. The Salzburg government also is to be handed over to the central government in Vienna the proceeds of the income tax.

Polish Armistice Fails

Paris.—The commission appointed by the supreme council to arrange an armistice between Poland and Ukraine has been dissolved, and the next development in the situation appears to depend on what action the Poles may take.

Turkey Presents Complications

Paris.—The Turkish problem has become most acute in the peace conference. Various delegations are striving to find some solution for the situation. The situation is so complicated that it will not provoke a religious war.

The United States is being looked to by the other powers as the only power which can become mediator for Constantinople without the danger of precipitating another European war, but the United States delegates to express the hope that the press does of the willingness of the United States to accept the mandate, provided the conditions which the powers have outlined.

OTTAWA.—The commons delisted

the methods of the government will saluting, with modifications, the orders-in-council passed under the War Measures act relating to prohibition in Canada. The discussion took place in committee and was for the most part based upon an amendment moved by Hume Cronin, which would have permitted the manufacture in Ontario of beer of a greater alcoholic content than two and a half per cent. for export to other provinces where its sale is permitted.

Frank criticism of bone-dry prohibition came from Dr. Blake, member for North Winnipeg, who asserted that there has been too much control of the action of the people and that the prohibition of the sale of beer had broken the straw which had held the country's luck, and precipitated unrest in the country."

At the evening sitting, Hon. N. W. Russell spoke at some length in support of the bill, declaring that no one piece of legislation had been received with so many expressions of approval.

He asked the committee to consider what the situation in Winnipeg would be today were the bars open. Dealing with the matter of armistice, Mr. Russell said that the government was redeeming its pledge to the people by enacting legislation for another year. During the next year some of the provinces would express their opinions with regard to prohibition, and he would have a hearing upon the situation.

After some further discussion, Mr. Russell spoke at some length in support of the bill, and the bill was reported from committee. It stands for third reading.

Canadians Did Not Fight in Siberia

Evidence is not lacking that the present "strike" troubles throughout the Dominion are being engineered by the alien enemy element.

With the endeavors of genuine laborers to obtain adjustment of real grievances we have every sympathy. With the present so-called labor strike we have no sympathy whatever.

A Reminder.—The local committee of the Red Triangle Fund Y.M.C.A. respectfully announce that the subscription list still remains open. Contributions may be handed to R. S. Law, chairman, or J. Walker, treasurer.

Hawker and Grieve, who attempted the non-stop flight across the Atlantic and were supposed to have perished in the attempt, have turned up safe and sound, having been picked up by an ocean freighter. An American plane has succeeded in crossing with several stops.

The results of the U.F.A. convention at Macleod are very gratifying to most of the members in this district. The organization is not to be tied up to any outside political body and will be truly democratic. It will formulate its own platform, select its own candidates, and finance its own election expenses. It will have no official newspaper except that the "Guide" as in the past, will voice the political aspirations of the farmers and continue to use its influence in their interest.

U.F.A. AND U.F.W.A. NOTES

A meeting of the Local U.F.A. was held on Thursday evening last at the Odd Fellows' Hall.

Mr. J. McKinney presided over a fair attendance. Considerable discussion took place over the question of arousing more enthusiasm in the local, and it was decided to arrange for regular meetings during the summer months. Special committees were appointed to arrange programs for these meetings, which will be held every other Thursday evening at the Odd Fellows' Hall.

The first of these meetings will be on June 6th at 8 p.m. The committee in charge being Messrs. E. W. Brown, J. L. Salmon and J. J. Strang. The next meeting on June 20th, the program being in the hands of Messrs. Elliott, Taitinger and K. K. Peck.

It is to be hoped that the efforts being made to make this evening a success will be appreciated by all, and that it will be the means of greatly strengthening the Local. The programs will include musical items, readings and addresses by outside speakers, and any suggestions made at these gatherings as to future programs will be gladly considered. The meetings are open to all, no admission or collection. Everybody will be welcome.

The following were appointed as delegates to the Macleod convention: Messrs. McKinney, Law, Laidlaw, E. Brown, J. J. Strang, N. Taitinger, J. Reynolds O. J. Berg, G. Maxwell, with O. Moseley, J. L. Salmon and S. L. Fraser as substitutes.

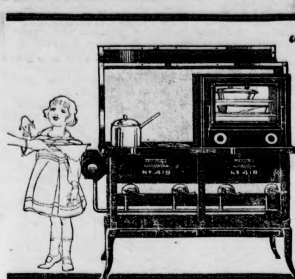

The meeting was addressed by Mrs. McKinney on the political situation and the need for independent action, the address being very much appreciated.

The newly organized U. F. W. A. also held their meeting early in the evening at which they elected Mrs. Shipp and Mrs. McKinney as delegates to the Macleod convention. The officers of the U.F.W.A. elected at their first meeting are, president, Mrs. F. R. Shipp; Secretary, Mrs. F. W. Elliott, who they will glad to enroll any new members.

U.F.A. Sunday, June 15th. The committee arranging for the usual service are, Messrs. J. L. Salmon, C. Leeds, J. McKinney, W. Laidlaw, Mrs. Leeds and Mrs. Moseley.

CORRESPONDENCE

Dear Mr. Editor:—

I read with some interest an article in the recent issue of your paper by R.K.P., and would like to have the privilege of replying to some of the statements made.

May I humbly suggest to your correspondent that to claim a monopoly of "Intelligence," "Sanity," "Large-souledness," and "Christian Intelligence" is a far easier matter than to prove by an array of facts and logical arguments that the fellow who disagrees with you is wrong.

The problem of church "Union," or I prefer to use the term "Federation," is an engaging one, but for anyone to say, as this article does, that all the "sane arguments" are on one side of the question is to lay one's self open to the charge of gross blindness.

Also, there have been times in church history in almost every land in so-called "Christendom" when the right to teach the doctrines of the Christian faith has been monopolized by a powerful ecclesiasticism that used its ill-gotten power to crush the dissenting minority that only asked the right to worship God according to the dictates of its own conscience. But it has always been the dissenting minority to whom the world has been indebted for the real message of the gospel.

The Montanists, the Waldenses, the Pietists, the Reformers under Luther, the Moravians, the Methodists, the Salvation Army and others too numerous to mention have all been in turn the "Dissenting Minority" that leaving a corrupt ecclesiasticism went on to carry to a dying world the true message of the gospel.

What would have been the fate of the world without these movements?

Your correspondent refers to John 17:21 as being an argument in favor of church federation. But it is very faulty Bible interpretation that would infer that Jesus had such a thing in mind. There are people in the same church fold who partake of the sacramental emblems at the same altar and yet hold each other, and on the other hand all who truly love the Lord Jesus Christ insincerely are one in the sense of John 17:21.

May I further suggest that the smallness of numbers is not the thing to be most afraid of in a church. Jesus said "Where two or three are met together in my name, there am I."

Yes, that a great church federation is coming seems more than likely; judged by the increase of feeling in this direction throughout the world, but when that time comes the world will again be ever dependent upon the persecuted dissenting minority for the message of salvation. C. E. T.

Mr. Editor:—

The flag poles on the Council Hall and School were conspicuously bare on Empire Day. It may seem a small thing to some, but forgetfulness of this kind on the part of public officials is almost inexcusable.

Claresholm Local News

The baseball team expects to play Lethbridge on the 3rd of June.

Miss Mahel Mostad is visiting with her sister Mrs. Freeman Anderson.

The new bowling alley has opened for business—and is getting well patronized.

Constable Vise has been in Lethbridge this week owing to the strike conditions there.

Mrs. Breerton, who has been in Calgary hospitals for appendicitis, returned home this week.

J. O. White sold his ranch last week to Mr. Chase and took the Clear Lake farm in exchange.

Watch for dates, "Hearts of Humanity."

Baseball at Staveland last Monday between Claresholm and Staveland gave a score in favor of Claresholm of 2 to 1.

Farmers will please remember that next Wednesday is early closing day for the stores in town. Stores close at 12 noon.

Lost—An auto, Yankee pump, between Claresholm and Staveland. Return to R. C. Clifford at Pioneer Elevator, Claresholm. 1p

Car of extra No. 1 feed oats just arrived. Also about 500 bu. of light feed oats at 73c.—Pioneer Grain Co. Claresholm. 13-3p

There will be no service in the Methodist church on Sunday evening, June 1st owing to the absence of the pastor at the Conference at Calgary.

Watch for dates, "Hearts of Humanity."

While the strike is preventing the shipment of films for the Rex Theater, Mr. Edlund is motoring to Calgary to obtain the films, so the Rex will continue to do business as though no strike was on.

Pte. Sid Baker returned home a few weeks ago and was overlooked by the press correspondents. He spent several years at the front and went through some of the hardest fighting of the war.

Pte. Russell Haig returned from England last Friday. He went over a year ago with the Mounties. He has been unfortunate in being in the hospital a good portion of the time he has been away.

There is some talk of the stores closing at 6 o'clock each night instead of 6:30 at present. The extra half hour would make little difference to the buying public but it would mean a great deal to the store clerks.

W. Gard, who has been working with Roscoe Williams, has retired for a few weeks' rest. After the strenuous work of the last few months a change seemed absolutely necessary for his health. Here's hoping for a speedy recovery.

Empire Day was observed at school last Friday afternoon by Executive of the L. C. D. E. A short program of choruses was rendered by the school children under the direction of Mr. Moffatt. Gladys McKenzie recited "The Flag." Mrs. McKinney, M.L.A. gave an inspiring lesson, "Our Duties as Canadians."

The Drollinger brothers came home on Tuesday night, both having spent about a year overseas. They were in France for some months and were destined for the front line a few days before the armistice. They are looking well and except for the "flu" have suffered little while away. It was the "flu" that was responsible for keeping them out of the front line.

A public meeting will be held in Harrison Hall next Thursday June 5th, at 3 o'clock in the afternoon in connection with the proposed Municipal Hospital. Mrs. McKinney M.L.A. will be present to read the Hospital Act. It is hoped that this meeting will result in some definite action being taken. Everyone will be welcome to attend and to take part in the discussion.

The rain which commenced on Wednesday was greatly welcomed by everybody. The crops were showing the effects of the drought more than most people cared to admit. The high winds were doing a lot of damage and no doubt have greatly reduced the crop on some sections. The rain came just in time to save the situation. A wet June will insure a bumper crop.

Pte. Dougan spent a few days in town this week. He is taking an eight months' course in horticulture and consequently will not be living in Claresholm as many expected. Previous to leaving for the front he left his trunk containing clothing and personal effects with someone in Claresholm. He has forgotten just where it was left and will be glad if anyone will give him information that will lead to its recovery. R. L. Redfern of the Wilton barber shop will convey to Mr. Dougan any news as to the whereabouts of the trunk.

Watch for dates, "Hearts of Humanity."

Serget. Bryon and wife arrived in town on Monday night of this week and are staying at the Queen's Hotel. Mr. Bryon left here with the first six men who enlisted from Claresholm and was on his way to England about ten days after war was declared. He spent about two years in France when he was taken ill and operated on. Since then he has been employed chiefly in clerical work in connection with the army. He was married in England last year. He will shortly take a position with the Alberta Pacific Elevator near Bassano.

Banking Credit for Farmers

THE CANADIAN BANK OF COMMERCE
invites the Co-operation of
its farmer customers in furthering its efforts to give them efficient service, particularly in the matter of credits for Grain Growing and Livestock

Grain Loans: It is this Bank's policy to carry its loans to grain growers so as to enable the latter to complete the Fall work on their land, and market their grain gradually after the freeze-up.

Livestock Loans: We make liberal loans to farmers, large and small, to purchase both leaders and breeding stock, and we carry such loans so as to enable farmers to finish the stock properly for market.

Make your banker your financial adviser and let him help you to shape your affairs with a view to enabling you to obtain what credit you require from the Bank and to pay cash for your goods.

If, after giving your banker a full and truthful statement of your affairs, you feel that the credit which you wish, and to which you are entitled, is not being given you, then you may wish to bring your case before the Directors of your local Grain Growers' Association, and get their views on the matter. We are anxious to hear of any possible misunderstanding, but we will not clear up any possible misunderstanding. If you feel that the Directors feel that your case merits more generous treatment than the local Manager is disposed to give, we then give to the Director of your Provincial Grain Growers' Association, with a view to his discussing the matter with the Bank's local Manager representative. This is a form of cooperation we would cordially welcome.

Another Letter to Mary

Dear Sister Mary—
Thank goodness, I have at last time to write, we are all through seeding. Our house is nearly completed, and most delightful has been the supervising of the work and the anticipation of its occupancy. Tom and I have congratulated ourselves on many things in connection with "our home," but particularly in our choice of Mr. Bill Fisher as carpenter and contractor. He has been in this neighborhood many years and has had always the reputation for honest and careful work. True he asked more than some of the out of town contractors whom we did not know, but Mr. Fisher has built into "our home" all the carefulness, skill, and honesty of his nature, and we have already forgotten how much more he asked.

Tom says he heard at the lumber yard yesterday, that wholesale prices had already advanced from \$3.50 to \$7.50 per thousand feet. You may be too late to buy at the prices we paid.

Your loving sister Florence.

A meeting was held in the Parish Hall on Thursday afternoon, May 15, at 3 o'clock, to consider the advisability of forming a branch of the U.F.W.A. in Clareholm. Mrs. Sears, district organizer, was in the chair.

After having given a short address setting forth the advantages that would result from forming a branch of the U.F.W.A. in Clareholm, it was unanimously decided that a branch should be inaugurated here. Mrs. Slipp was elected president, Mrs. Evans vice president, Mrs. F. W. Elliott secretary-treasurer; directors, Mrs. Moseley, Mrs. Peterson, Mrs. Gibbie, Mrs. Salmon, Mrs. Law, and Mrs. Shearer. As Clareholm is the center of an exclusively agricultural district, it is earnestly hoped that as many farmers' wives as possible will join this branch of the U.F.W.A.

A meeting is to be held on Saturday, May 31st at 3 p.m. in the Parish Hall, and the president and directors trust that there will be a large attendance of farmers' wives. Any lady unable to attend the meeting and who would wish to become a member can do so by sending membership fee of \$1.00 to the secretary-treasurer.
